General Comments:	**Complete cow dispersal of Angus Simmental influenced cows that are youthful and low maintenance. These girls are very good ranch cows with lots of class! All the groups will have an average age of 4 - 9 years. Good, easy calving, Black Simmental bulls went out July 10 and pulled on August 30 for a 50 day window. They have always been unassisted calving on grass. Steers calves have consistently weighed 580 lbs and the heifer calves 550 lbs by November 1. These cows are good haired, stretchy and deep-bodied with very good feet and good udders. There are no bad ones! Buy with confidence. Buyer has option of the next lot at the same money.**

General Comments:	**Complete cow dispersal of Angus Simmental influenced cows that are youthful and low maintenance. These girls are very good ranch cows with lots of class! All the groups will have an average age of 4 - 9 years. Good, easy calving, Black Simmental bulls went out July 10 and pulled on August 30 for a 50 day window. They have always been unassisted calving on grass. Steers calves have consistently weighed 580 lbs and the heifer calves 550 lbs by November 1. These cows are good haired, stretchy and deep-bodied with very good feet and good udders. There are no bad ones! Buy with confidence. Buyer of lot 12A has the option to take this lot at the same money.**
