HOMO POLLED

It was a big decision for us to offer 92N as an added lot to this year's sale. The original plan was to keep this guy as a backup bull for ourselves this spring as well as a potential yearling show bull project for 2026. He is a strong pedigreed as any of the bulls in the sale with a beautiful uddered Stratton x Sassy dam backing him and Ironclad on the top side. Unfortunately, 2024 was Ironclad's last season for us as a walking herdsire so this will be one of the few opportunities left to get a direct son. This bull is definitely worth a look on sale day as he isn't just an added lot but one we really, really, like and one we think has a great future.
