## **Sale of Calves**

Auction conducted by Miles Wowk Auctioneering and Direct Livestock Marketing Systems

### **CONDITIONS OF SALE**

1. Animals sold by auction to the highest bidder on price per pound basis. **This is an official sale. There will be absolutely no resale of animals other than for charity.**
2. No calves can be removed from the arena until the gate controller is there to load.
3. Buyers are to sign their sales slips and **indicate shipping instructions**. Cheques are made payable to the 4-H member's club that steer belongs to. If insurance is requested, that Club will assist you with your insurance requests.
4. Animals are the property and responsibility of the buyer after the sale.

Arrangements may be made for members to hold calves. In the event a steer needs to be held for a short time we recommend that the buyer purchase insurance.

### **INSURANCE**

Steer Insurance is available upon request.

Please ask members club for insurance details.

Payment to be made by cash or cheque and must be paid with a separate cheque from steer purchase.
