MapleHill Auctions Ltd. November 7, 2026 1:00pm

Welcome to the 2nd Simmental Influence Bred Heifer Sale for the Gingrich Family & Enos Bauman.

Consignors: Enos Bauman, Noah Hoover, Aden & Alvin Gingrich and Amos Martin.

Featuring 175 Red & Red White faced SimmAngus heifers brought from the west for breeding stock.

New Feature for this year: 30 Black and BWF SimmAngus heifers. Also westerns.

All our red heifers are bred to calving ease Red Angus bulls or calving ease Red SimmAngus bulls from McKinleys with the exception of 5 red heifers bred to a Black SimmAngus.

The black heifers are also bred to this same black bull, a calving ease bull from Hill 70 Quantock.

If you wish for more info we will try to have the bull paperwork at the sale. Feel free to ask!

All heifers are on the same vaccine protocol: Bovishield Gold FP5 + L5 and Ultrabac or Covexin.

All heifers were preg checked by Blyth Vet over the 3 weeks prior to the sale. Please be reminded that months bred are estimates because everything was pasture bred and accuracy will not be 100%. Dates reflect sale day.

All heifers were rotationally grazed this past summer with single wire electric fence, so were handled on a daily basis making them a fairly quiet group.

All heifers were and are on a high quality beef cow or heifer mineral.

Note: For your advantage all heifers were re-tagged at purchasing with a high quality cow tag.

Any questions contact Cory 519-372-5539 or visit us here at home on the farm.

Wishing all buyers and bidders a successful year!

Aden & Anna Gingrich

MapleHill Auctions Ltd.

...specializing in livestock sales!

November 7th, 2026

Aden Gingrich Bluevale, ON **Vaccinations: Bovi Shield Gold FP5 + L5 and Ultrabac**

Selling 60 head RWF, Black, & BWF heifers.
Mostly western origin, double vaccinated with BoviShield FP5 + L5 and UltraBac
25 RWF heifers bred to calving ease Red Angus bull from Sask. 5 RWF heifers bred to black SImmAngus heifer bull from Hill 70 Quantock.
30 Blk & BWF heifers bred to the same black bull. These heifers came off grass 3 weeks ago and are still walking out but are on silage, free choice hay, mineral and several pounds of grain.
They've been a very nice group to work with.
