HOMO POLLED, SIRE VERIFIED, DILUTOR FREE

- Another large framed, long spined, deep bodied Spring Creek Redford son, who also carries his sire's dark red colour.
- WPDA of 3.59lbs/day, above average calving ease and birth weight EPD's and still has lots of performance power to add weight to his calves.
- His dam, 28E, was sold last fall to our friends at KMR Simmentals. She also raised our top gaining bull in 2022.
