

Lot 1	4M Cattle Company Kevin Marcinek	PEN	Head	Description
<p>60 Bred Heifers</p> <p>Home raised fleckvieh simmental and fleck angus cross bred heifers. 30 years breeding program using top fullblood simmental and black angus herd sires. Cowherd is on moderate frame but feed conversion has been a priority so cows are thick,deep and easy keeping. They milk and produce a heavy calf with less feed. Very quiet and bred for Jan 5 with 60 days calving period. Full herd health. Bred to black angus but some bulls are red carriers so may get a red calf. Easy calving 68-80 lb bw but good performance. Excellent hybrid vigor. You will be impressed with your first calf</p> <p>60 Bred Heifers</p> <p>Red and rbf early calving simmental heifers. Purchased from reputation ranches that produce those big calves! Super quiet and bred to the same bulls we use on the ones we keep. Top end black angus bulls with low birthweights. Full herd health with 60 day Jan/Feb calving. Both the home raised and put together groups will be ivomeced and first scour guard shots. For more info contact Kevin. 403-896-7559</p>	700	6	Red Goggle
