"ALONE WE CAN DO SO LITTLE; TOGETHER WE CAN DO SO MUCH."

DONATION HEIFER

In March of this year, Huxley Berting of Ravenworth Cattle was involved in a sledding accident, leaving him with a long road to recovery. As a passionate cattleman and a dedicated farmer who is always busy, Huxley has touched the lives of many with his tenacious work ethic and willingness to always lend a hand. In support of Huxley and his family during this challenging time, Colgan's Cattle graciously donated this registered Speckle Park heifer, Barrett Elliot donated his time to clip and help picture and Maureen Tubman photographed. All proceeds from the sale of the heifer going directly to assisting Huxley as he navigates through his recovery process. This is a testament to the close-knit community that stands behind Huxley, offering both support and hope as he works towards healing.
