Attention Purchasers of Livestock

The management of SLS acts solely as an agent and passes on information from the seller (producers) provided to the agent (SLS). The management and staff of SLS are not responsible for any misrepresentation.

Anyone purchasing livestock at SLS or online via DLMS buys them the way they see and are accountable for said purchases.

Thank you,  
SLS Management

### Notice: Re Bred Cow Sales

Cows and heifers are confirmed safe in calf to the buyer, at the time of sale. After sale, they become the buyers responsibility.

NOTE: Confirming pregnant animals is highly accurate. However, calving dates over 130 days (4.5 months) is not as accurate as those tested between 45 & 130 days (1.5 - 4.5 months). Pregnancy accuracy is an estimation and should be considered +/- 1 month of estimation.
